

Our Approach

Highly recommended and sought after by top-tier executives within premier health care organizations, the Trailblazer Program is a series of cohort-based learning modules that examine concepts of inclusion, diversity, and health equity from a strategic perspective. Modules include learning challenges, case studies and facilitated peer discussions complemented by inclusive leader coaching.

Challenges & Case Studies

Opportunities to challenge your mindset using real life scenarios

Facilitated Peer Discussions

Facilitated sessions with experts to brainstorm and learn from peers and their experiences

Inclusive Leader Coaching

One-on-one personalized inclusive leader coaching using two assessment tools

What to Expect

Estimated Timeline

3 months

Deliverables

- One didactic workshop per month
- Three 1-hour sessions of personalized inclusive leader coaching
- Co-created strategic action plans for organizational change

ABOUT JUST HEALTH COLLECTIVE

Just Health Collective, LLC is a digital engagement community and consulting services firm focused on accelerating belonging (the intersection of health equity + diversity + inclusion) in health and healthcare. Our vision is to help organizations build a just healthcare system that is fair, impartial, and representative of its community - giving employees a sense of inclusiveness, consumers a sense of trust, and everyone the opportunity to achieve good health.
