

Our Approach

A streamlined learning opportunity targeted for individuals looking to expand their knowledge and awareness of belonging¹. Throughout a 3-week period, a customized workshop is designed based on your organizational belonging¹ goals. The session will provide a safe space to begin collecting knowledge around a specific topic and creating a plan on how to apply that knowledge to your organization. We also provide resources and tools to assist your organization on future improvement endeavors.

Design Collaboration

Partner to design a customized workshop for your organization

Onsite/Virtual Session

Onsite or virtual workshop conducted across a 3-day period

JHC² Village

Community to support ongoing learning on topics related to belonging¹

1. The intersection of diversity + health equity + inclusion

2. Just Health Collective

What to Expect

Estimated Timeline

3 days within 3-week period

Deliverables

- Innovation and knowledge growth on belonging¹ topics
- Guide to accomplishing audits, education, and training
- Resources to complete a mini-assessment related to the topic
- JHC² Village memberships

ABOUT JUST HEALTH COLLECTIVE

Just Health Collective, LLC is a digital engagement community and consulting services firm focused on accelerating belonging (the intersection of health equity + diversity + inclusion) in health and healthcare. Our vision is to help organizations build a just healthcare system that is fair, impartial, and representative of its community - giving employees a sense of inclusiveness, consumers a sense of trust, and everyone the opportunity to achieve good health.
