

Our Approach

Just Health Collective (JHC) courses are created to advance knowledge of diversity, equity, and inclusion. The three courses aim to help attendees become more aware and comfortable when discussing these topics, so they are prepared and excited to make changes within themselves, their organizations, and their greater community. There are two options for courses, either a pre-recorded virtual course or a live virtual course.

Pre-Recorded Course

Learn at your own pace with our pre-recorded course options

Live Virtual Course

Expand your diversity, equity, and inclusion knowledge during a live and interactive virtual course

Course Topics

We offer three different topics: Anti-racism, Social Justice, and Introduction to Health Equity

What to Expect

Estimated Timeline

1.5 hours per course

Deliverables

Expanded knowledge and awareness of:

- Anti-racism
- Social Justice
- Introduction to Health Equity

ABOUT JUST HEALTH COLLECTIVE

Just Health Collective, LLC is a digital engagement community and consulting services firm focused on accelerating belonging (the intersection of health equity + diversity + inclusion) in health and healthcare. Our vision is to help organizations build a just healthcare system that is fair, impartial, and representative of its community - giving employees a sense of inclusiveness, consumers a sense of trust, and everyone the opportunity to achieve good health.
