

Our Approach

The Just Health Collective (JHC) Village is the premier network for health equity, diversity and inclusion innovators and change agents. JHC Village helps members meet and collaborate with other passionate advocates of belonging¹ as well as further education of members.

1. The intersection of diversity + health equity + inclusion

Continuous Learning

Attend virtual courses and explore the latest trends in data, frameworks, teaching methodology and performance improvement

Virtual Sessions

Participate in virtual sessions including town halls and expert presentations, The Village Social, and small group discussions

Meet and Connect

Meet and connect with JHC villagers in your area and around the country

What to Expect

Estimated Timeline

Annual or monthly subscription

Deliverables

- Continuous learning
- Exploration of the latest trends and data
- Opportunities to participate in virtual sessions and small group discussions
- A platform to collaborate with fellow belonging¹ advocates and innovators

ABOUT JUST HEALTH COLLECTIVE

Just Health Collective, LLC is a digital engagement community and consulting services firm focused on accelerating belonging (the intersection of health equity + diversity + inclusion) in health and healthcare. Our vision is to help organizations build a just healthcare system that is fair, impartial, and representative of its community - giving employees a sense of inclusiveness, consumers a sense of trust, and everyone the opportunity to achieve good health.
